7 - 0   6 - 7   2 - 7  
John Rumford  
~ Winner ~

Gillian Symons  
10 - 7  
Christine Searle

John Rumford  
W/O  
Mike Sayer

### The '10+ Evening Series'

The '10+ Evening Series' is a series of competitive GC events run on selected evenings through the season from 5 p.m. to 8 p.m. for those with a handicap of 10 and over.

They offer an introduction to tournament play, a chance to play in a competitive environment with players of similar standard, and an opportunity to meet other club members.

On each evening, participants play three level-play singles games against different opponents, with the results being accumulated over the season.

Participants register for the series and should expect to play in not less than three events.

This leader board will be updated after each event.

It is the intention that, towards the end of the season, the top four players (subject to having played a minimum number of games) will be invited to a play-off event that will determine the overall winner.

It is not too late to register for 2021, so if you would like to enter, please contact Russell Robinson.
